

## **CERTIFICATION REPORT ON FOOD VENDORS REPORT**

**TEAM OF INSPECTORS; Christiana Anane (AEHA)  
Hannah Twenewaa (EHA)  
Afua Adwubi (PEHA)**

**DATE : 21<sup>ST</sup> JULY, 2022**

A team of officers monitored the food vendors on the issuance on their medical certificates, after the main exercise of the food vendor's medical screening which started on the **6<sup>th</sup> June** and ended on the **17<sup>th</sup> of June 2022**.

### **OBSERVATION**

It was observed that, almost all the people that participated in the screening exercise had their certificate issued to them. Out of the **Thousand Three hundred and Twenty Six (1,326)** that took part in the exercise this year, **Twenty one (21)** people tested positive (typhoid and hepatitis B). The people were advice to visit the District hospital for further investigation and treatment.

The unfit **Twenty-one (21)** vendors certificates withheld and they were ask to stop operating until their investigation and treatment was done.

Though it was difficult to them but they obliged.

A series of follow-ups were made to check on the Twenty-one (21) unfit food vendors and some of them had visited the hospital for medical treatment. During the visitations it was observed that most of them were taken their medications seriously. Some had even added traditional medicine to the orthodox medication.

### **CONCLUSION:**

Food vendors screening exercise should be organized yearly so that those that found affected could be checked and advice them to seek medical treatment at the Hospital to prevent spread of infectious diseases.
